UNIVERSITAT RAMON LLULL

International Study Experience

For STEM Students

School of Engineering

Fall 2026

International Study Experience
STEM Students
School of Engineering

This program is designed for Engineering and other STEM students who wish to gain international experience by spending a semester abroad. It is a customized program, offered entirely in English, open to students from around the world. Participants can transfer full semester credits back to their home university, ensuring they can graduate on time without any delays.

ABOUT IQS

IQS is a founding member of Ramon Llull University. In its two schools, the school of Engineering and the School of Management, learning by doing is a common practice, thanks to laboratories equipped with state-of-the-art technology and modern facilities. The urban campus is located in the heart of Barcelona, a vibrant city full of cultural heritage.

PROGRAM TERMS

- Fall: September to December
- Spring: February to May

ACCREDITATIONS

ABET AQU ASIIN

CODE	COURSE	ECTS	FALL	SPRING
15595	Electric Circuits	6	•	•
15596	Electric Circuits Lab	2	•	•
15597	Machine Design	6	•	•
15598	Principles of Thermodynamics	6	•	•
15599	Partial Differential Equations	6	•	•
TBC	Strength of Materials	6	•	•
TBC	Fluid Mechanics	6	•	•
TBC	Numerical Methods	6	•	•
TBC	Physics	6	•	•
TBC	Computer Programming	6	•	•

***Note**: Course availability in each semester will depend on student demand.*
